Some cars just don't get by unnoticed. This is especially true of the 2006 Tiburon, inside and out. From its sleek, distinctive looks to its exhilarating performance, the Tiburon is pure excitement. In fact, its performance and safety rate so high, it was named a "Best Bet" by Jack Gillis in The Car Book 2005*. What's more, the Tiburon comes with America's Best Warranty†—a warranty that's so impressive, it's unsurpassed by any other car company. Not surprising for a car that can't help but stand out in a crowd.
