

THE GREATEST ADVENTURES ARE BEST SURVEYED FROM A COMFORTABLE LEATHER SEAT.

LIMITED IN BEIGE LEATHER

Heated Seats

Being cold is never fun. The Limited's heated driver and front passenger seats are activated with the touch of a button, so you're on your way to warmth whenever chilly weather blows in.

Automatic Temperature Control

Limited's fully automatic system with outside temperature display also monitors air quality via AQS and switches into recirculation mode upon detecting a certain threshold of outside pollution.

Electrochromic Mirror

The Limited's electrochromic auto-dimming rearview mirror not only reduces glare from lights behind you, it also features a compass to keep you moving forward in the right direction.

Premium Audio System

Every great adventure deserves its own soundtrack. That's why there's an available six-disc in-dash CD changer with six powerful speakers, an equalizer and a hard-working subwoofer.

Spontaneity comes easily when someone else has thought of everything. And the Tucson interior is full of all the most thoughtful features. From one serious audio system and ample storage for all your bring-alongs to the standard air conditioning system, the Tucson is loaded with all the things that make it really easy to be easy going.
