2.7-Liter V6 Engine

The SE, GT and new GT Limited all feature the 2.7-liter, 24-valve, DOHC V6 engine. It's one responsive performer, whether you're hitting the open road or just running a quick errand or two around town.

6-Speed Manual Transmission

The Tiburon SE's smooth-shifting 6-speed manual transmission is perfectly matched with its 2.7-liter V6 engine. In fact, you could say that they were made for each other.
