

1.1. MyHyundai with Bluelink and Genesis Intelligent Assistant

(a) Phone OS Limitation (as of 12/9/20)

- (i) There are no device limitations, only OS limitations.
- (ii) iOS:
 - 1. MyHyundai with Bluelink - OS 10.0 and above
 - 2. Genesis Intelligent Assistant - OS 10.0 and above
- (iii) Android
 - 1. MyHyundai with Bluelink - OS 6.0 and above
 - 2. Genesis Intelligent Assistant - OS 6.0 and above

(b) Smart Watch OS Limitations (as of 12/9/20)

- (i) There are no device limitations, only OS limitations.
- (ii) Apple: (watchOS)
 - 1. MyHyundai with Bluelink - OS 2.0 and above
 - 2. Genesis Intelligent Assistant - OS 2.2 and above
- (iii) Android: (Wear OS)
 - 1. MyHyundai with Bluelink - OS 6.0 and above
 - 2. Genesis Intelligent Assistant - OS 6.0 and above

(c) Supported devices:

- (i) UI elements should be appropriately sized and scrolling screens should not occur.
- (ii) As dashboards become more complex and menus become longer, the likelihood of UI defects such as scrolling screens increase.
- (iii) For iOS, screen sizes of 4.7 inches and above.
- (iv) For Android, screen sizes of 5.8 inches and above.

(d) Compatible devices:

- (i) UI elements have the potential to be distorted and screens may scroll due to small screen size.
- (ii) Apps shall work with compatible devices, but Station shall triage and resolve specific issues based on prioritization by HAEA.
